*Total Wages Paid were estimated by multiplying a company's job count by an industry's Estimated Average Earnings per Employee, as calculated for the 43207 zip code by IMPLAN.

**Exports indicates whether the Company sells goods or services outside of Ohio or supplies local companies that sell goods or services outside of Ohio. Y = Yes; N = No; DK = Do Not Know.

Many of these employers are satellites of large, out-of-state companies who have the option of setting up operations outside of Ohio. So a ready supply of space is key lest we forfeit the opportunity to capture their growth in Ohio.

BUSINESS ACTIVITIES AT SOUTH SIDE INDUSTRIAL CORRIDOR LOCATION

Headquartered in Columbus, family-owned, third generation Crane Group is a holding and management company of a network of manufacturing and building companies located in Ohio, Georgia, Indiana, and one division in Chile. Crane Plastics is the anchor of the group as it is the largest U.S. supplier of custom thermoplastic profile extrusion (also headquartered in Columbus). Crane Plastics consists of 5 companies, 2 of which are in Columbus. Crane Plastics Manufacturing and Crane Performance Siding, involved in manufacturing their respective products, custom plastic extrusions and vinyl siding, by converting plastic pellets into customer-defined usable shapes. Able Roofing, is Central Ohio’s largest multi-purpose roofing contractor, and is located in Columbus. Finally, Signature Control Systems operates in selling, designing, installing, and maintaining vehicle access systems such as automatic gates and pay stations in parking garages. Signature Control Systems is located in Blacklick, just outside of Columbus.

Columbus Steel Castings is the largest single site steel foundry in the world with roots dating back 1881. Columbus Steel’s predecessor, Buckeye Steel began to flounder in the early 2000s and entered bankruptcy. Don Malenick, former President of Buckeye’s parent Worthington Industries, formed Columbus Steel Castings’ at the historic site with all equity and realigned the business model to be more competitive in the current economic environment. Today, Columbus Steel manufactures steel castings for freight & passenger steel cars, locomotives, mining equipment, industrial magnets, earth moving equipment, steel rolling mills, dams, bridges, oil platforms, etc. Services include metallurgical services, heat treating, molding, machining, patternmaking, and finishing.

Publicly traded homebuilder headquartered in Columbus with developments in 6 states outside of Ohio. Designs and builds homes and communities and also deals in home financing and insurance.

Family-owned manufacturer of a variety of adhesives for applications such as woodworking, roofing shingles, postage/envelopes, sealants, and caulk for global distribution to 35 countries. Columbus headquarters serves as Franklin’s sole distribution facility for the United States and Canada, as well as product development and manufacturing.

Holding company for Schottenstein family’s investments in various retail holdings such as Retail Ventures (which operates in Value City dept. stores, Filene’s Basement stores, and DSW shoe warehouse stores), American Eagle Outfitters, as well as retail liquidator SB Capital Group, and 50 shopping centers.

Division of UPS which delivers larger freight items. Operates through over 200 North American facilities and 22,100 trailers. The Columbus facility is a processing facility, acting as a piece of the UPS Freight distribution network.

Family-owned company currently ranking as the second largest equipment supplier to the national food service industry. Customers range from Wendy’s, California Pizza Kitchen, and Kentucky Fried Chicken in the restaurant industry to Kroger and Meijer in the food marketing (grocery store/supermarket) industry. Products range from sinks, stainless steel fixtures, shelving to frying baskets, condiment holders, oven racks, etc.
